

## OUR SOLUTIONS:

The Doodle Challenge (TDC) offers solutions for educational institutions to inspire students to unleash their creativity, foster problem-solving and storytelling skills while providing strategies for increased mindfulness. Based in Neuroscience, Psychology and Design/Art theory, every TDC offering utilizes research-backed methods that can have a profound effect on both student and teacher wellness.

## ABOUT TDC:

The Doodle Challenge (TDC) offers engaging games, tools & workshops that build stronger creative minds & reduces stress through doodling.

## Building Creative Confidence Through Doodling!

### Creative Cognitive Products

We have developed an array of print / digital games and tools to stretch your brain using The Doodle Challenge Method. Different products and play methods are suited for different age groups. We also offer classroom bundling options.

### Lesson Plans

Included with a purchase of our products, The Doodle Challenge provides adaptable lesson plans that can be easily integrated into course development. Lesson plans have been designed for large and small groups as well as take home assignments.

### Doodle Portal

With every school order, gain free access to our Doodle Portal which houses lesson plans, the doodle gallery, view scheduled TDC workshops and the 30 minute intro Doodle training course for educators that provides additional insights.

### TDC Workshops

TDC also offers workshops for both student and teachers to equip them with inventive techniques to encourage mindfulness, foster creativity and further develop problem-solving and storytelling skills.
